

Product Marking Notice

Following its acquisition of C&D Technologies' Power Electronics Division, Murata Power Solutions has begun the process of changing the logos on its products. Specifications and performance are completely unaffected by this change of labelling.

Mixed logotypes

Although new products will be printed with the Murata Power Solutions logotype, shipments may contain a mixture of old and new marking styles.

Other Product Markings

Other product markings (e.g. part numbers, date codes, bar codes and approvals) are not affected by the branding transition and will remain unchanged.

More information

For more information please contact your local customer support team - contact details can be found at: www.murata-ps.com/customersupport.html

Going... C&D logotypes

Although the C&D brand will no longer be used, shipments may still contain products marked with the following logotypes:

New... Murata Power Solutions logotypes

Depending on the type of product and the area available for marking, products may be marked with one of the following logotypes:

PLEASE NOTE: In some cases, where the product or label is very small, this alternative Murata Power Solutions mark may be used.

Staying... DATEL logotypes

DATEL branded products will continue to be produced by Murata Power Solutions. In addition to a Murata Power Solutions logotype, these products may be also marked with one of the following:

PLEASE NOTE: Products previously marked with the DATEL logotype may now be marked with the Murata Power Solutions Logo only (where there is insufficient space for both logotypes).
