## News Release

### **Murata Power Solutions (Celab) receives Bronze Award from BAE Systems, Rochester**

Murata Power Solutions' military / high reliability specialist business (formerly known as Celab Limited) has been presented with a Bronze Standard Supplier Performance Certificate by BAE Systems, Rochester. The award takes into account a number of key performance indicators such as delivery performance, quality, project management skills and achievement of

milestones, as well as measuring the effectiveness of the relationship between the two companies.

Murata Power Solutions is the first supplier to receive an award under the scheme. The bronze standard that acknowledges their efforts on a number of development and production programmes across BAE Systems' Rochester site. The range of products supplied by Murata Power Solutions (Celab) to BAE Systems includes power supplies for prestigious jet and rotary wing applications.

Commenting on the award, Julian Wood, Managing Director, Murata Power Solutions (Celab) said: "We are proud to be the first company to receive this award from BAE Systems, Rochester. I feel it underlines the quality of our people, systems, processes and products. We have a very strong working relationship with BAE Systems that we look forward to sustaining and nurturing in the coming months and years."
